This addendum concerns the notification of the Ministerial Decree No. 503/2023 (2 page, in Arabic) that gives the producers and importers a six-month transitional period to abide by the Egyptian standard ES 1090 for "Frozen Poultry and Rabbits " (partial amendment in 1 page, in Arabic).

It should be noted that Ministerial Decree No. 1097/2019 (1 page, in Arabic) which was formerly notified in G/TBT/N/EGY/1/Add.9 dated 7 January 2020, mandated among others the earlier version of this Egyptian Standard.

Worth mentioning is that this standard has been formulated according to National studies.

It is worth noting that this standard has been partially modified as the following:

Amendment the note under clause (2) "Definition" It is contained "inedible parts are considered feathers, blood, and offal. Otherwise, they are considered edible parts".

Producers and importers are kept informed of any amendments in the Egyptian Standards through the publication of administrative orders in the official gazette.
