NOTIFICATION

Addendum

The following communication, dated 27 August 2018, is being circulated at the request of the delegation of Egypt.

Products covered: Petroleum products in general (ICS : 75.080)

This addendum concerns the notification of the Ministerial Decree No. 477/2018 (3 pages, in Arabic) that gives the producers and importers a six-month transitional period to abide by the Egyptian Standard ES 3479 "unleaded gasoline 80, 90, 92, 95 octane" (1 page, in Arabic).

It should be noted that Ministerial Decree No. 423/2005 (25 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3 dated 14 December 2005 mandated among others the earlier version of this Standard.

Worth mentioning is that this Egyptian standard has been partially modified in Item.5 (Physical and chemical properties), and it is identical with ASTM D 4814 / 2004.

Producers and importers are kept informed of any amendments in the Egyptian standard through the publication of administrative orders in the official gazette.

Proposed date of adoption: 22/5/2018

Proposed date of entry into force: 24/6/2018
