Description: Products covered: (ICS code(s): 13.220.10) Fire-fighting

This addendum concerns the notification of the draft of Egyptian Standard ES 695-1 "carbon dioxide as fire extinguishing media for fire protection - specification" (23 pages, in Arabic).

It should be noted that Ministerial Decree No. 423/2005 (25 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3 dated 14 December 2005, mandated among others the earlier version of this Standard.

Worth mentioning is that this draft standard is technically identical with IS 15222/2002 (Reaffirmed 2017).

Producers and importers are kept informed of any amendments in the Egyptian standard through the publication of administrative orders in the official gazette.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

Proposed date of adoption: To be determined.

Proposed date of entry into force: To be determined.
