<input type="checkbox"/>	Other:

Description: Products covered: (ICS 71.060) Inorganic chemicals

This addendum concerns the notification of the Ministerial Decree No. 141/2024 (2 pages, in Arabic) which cancels the Egyptian Standard ES 273-4 /2005 "sodium chloride for chemical analysis - part: 4 inspection and test methods "(22 pages, in English).

It should be noted that this standard was replaced by ES 273-3 for "sodium chloride- part: 3 - analytical reagent- requirements and test methods" which was formerly notified in G/TBT/N/EGY/3/Add.77 dated 30 May 2024.

Worth mentioning is that the Ministerial Decree No. 423/2005 (25 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3 dated 14 December 2005, mandated among others the earlier version of this standard.

Producers and importers are kept informed of any amendments in the Egyptian standard through the publication of administrative orders in the official gazette.

Date of adoption: 22 April 2024

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

Date of entry into force: 22 May 2024
