## NOTIFICATION

### *Corrigendum*

The following communication, received on 22 May 2015, is being circulated at the request of the Delegation of Egypt.

---

In the notification G/TBT/N/EGY/77, Items 5 and 6 should read (changes are underlined and bold):

5. **Title, number of pages and language(s) of the notified document:** Ministerial Decree no. 975/2014 (2 pages, in Arabic) mandating Egyptian Standard **ES 7821/2014** Energy Efficiency of Household Electrical Appliances Methods for Measuring and Calculating Energy Efficiency of Electric Circulating Air Fans (20 pages, in Arabic)

6. **Description of content:** The Ministerial Decree mandates that the producers and importers must comply with **ES7821/2014**. This standard is concerned with identifying the specific requirements of energy efficiency for air electric fans in methods of measuring and calculating energy efficiency, which aims to reduce the consumption of electric power, through some procedures to measure and calculate energy consumption and set a maximum limit to the values of energy consumption.
